# Notes from the Director

## HIRING OF ANNUITANTS

As I have stated previously, I am anxious to insure that we offer good promotional opportunities for our younger professionals and an accession of new career talent. To help achieve this, I want to restrict lateral input of retirees into positions that could be filled from within our own ranks. I have undertaken the establishment of a new procedure which must be followed in hiring annuitants from any government service. This procedure restricts and controls hiring but does not prohibit it under certain circumstances. I recognize my responsibility to give consideration to hiring any qualified United States citizen for a position where a need exists; however, I also recognize the responsibility to our currently serving career employees in assuring that they have an opportunity to compete for any vacancy for which they are qualified.
